# FREDY LUNG

*Software Developer*

lungfredy@gmail.com | 626-597-4330 | github.com/Flung13 | Portfolio: fredylung.vercel.app

## EDUCATION

**California State University, Los Angeles**
*Bachelor of Science in Computer Science*
Expected Graduation: May 2027 | **GPA:** 3.68

## PROJECTS

**Custom SQL Database Engine**
*C++, Data Structures, Algorithms, File I/O, B+ Trees*

- Built a custom SQL database engine supporting SELECT, INSERT, and CREATE TABLE queries
- Implemented B+ tree indexing for efficient search and range queries with persistent storage
- Designed parser using FSM + Shunting Yard algorithm

**Book Library Web Application**
*Django, Python, Bootstrap, SQLite*

- Developed full-stack book platform with auth, search, and cart
- Implemented dynamic content rendering using Django ORM
- Built responsive UI for mobile and desktop layouts

**Spring Boot Web Applications**
*Java, Spring Boot, FreeMarker, Bootstrap*

- Built MVC web apps with authentication and session handling
- Implemented role-based access control
- Developed validation and error handling

## WORK EXPERIENCE

**Web Designer — ASCE Pacific Southwest Symposium (Cal State LA)**
*Sep 2024 – Apr 2026*

- Maintained and optimized event website used by 500+ users, improving performance and responsiveness
- Implemented front-end updates using HTML, CSS, and JavaScript and collaborated with teams on new features

**Mathematics Instructional Student Assistant — Cal State LA**
*Jun 2025 – Present*

- Mentored 30+ students in Calculus courses
- Improved engagement and tracked performance

## SKILLS

**Languages (Programming):** C++, Java, Python, SQL, Kotlin
**Frameworks:** Spring Boot, Django
**Web:** HTML, CSS, Bootstrap
**Tools:** Git, Docker, Linux
**Databases:** SQLite, file-based systems
**Concepts:** REST APIs, MVC, session management
**Languages (Spoken):** Spanish, Mandarin, Cantonese
